

SUPPORTED EMPLOYMENT

Our Supported Employment program is a support service program designed to assist individuals in the competitive work environment. The focus is to create or match individuals with job opportunities and provide job site assistance. This entails various aspects covered within career planning and job development as well. Additionally, this service provides on-site guidance for both the employer and employee.

Supports include, but are not limited to:

- ✓ Workplace Supports: safety, protocols, hierarchy, checklists/diagrams, individual responsibility, prioritizing, modeling, task analysis, attendance, feedback, self-advocacy, employer communication
- ✓ Outcomes: placement form, training support, natural supports, SSA reporting, employer outreach & satisfaction
